

Acoustic Simple Baffle Ceiling System

PRODUCTS SHEET

Acoustic Simple Baffle Ceiling System

Simple ceiling baffle system is highly efficient acoustically and adds design and color to any open ceiling environment.

Simple ceiling baffle system is highly efficient acoustically and adds design and color to any open ceiling environment. The Ceiling Baffle system represents the perfect balance of form, function and cost effectiveness.

A new generation surface material that both absorbs noise and is fully customizable.

Ceiling Baffles are easy to suspend from the ceiling and are ideal for open plan offices or a wide variety of public spaces - including gymnasiums, arenas, concert halls and indoor swimming areas. Available in double and triple layer offerings allows for multiple colors and 3 dimensional design options to add color, texture and sound absorption to your ceilings.
